

THE BIRCHTREE CENTER
THE INTEGRATIVE HEALING ARTS PROGRAM

Session Three: Manifesting the Healing Environment

Carmel Retreat Center

February 25-28, 2010 ~ Mahwah, NJ

The Integrative Healing Arts Program is an opportunity to revitalize your nursing practice and rejuvenate your body, mind and spirit. You will study with the top faculty in the field. In Session Three we examine the meaning of healing environments. We deepen our exploration of concepts from the seven core curriculum areas as we place an intentional focus on defining, re-defining and co-creating healing environments in various health settings. The foundation and framework for integrating medical music therapy and guided imagery is offered within the context of holistic nursing practice. Integral with the learning experience is the inclusion of time for inner reflection, relaxation and connection to a supportive community of nurses. *A pre-requisite to Session Three is completion of the Reflective Papers assignment.*

Session Three provides 27 contact hours. Participants who wish to achieve a Certificate in Integrative Nursing can continue by completing Sessions One through Four in subsequent sessions.

The program will be held at Carmel Retreat Center, a 30 acre forested and landscaped country estate that is adjacent to a wilderness preserve and nestled in the rolling Ramapo Mountains of northern New Jersey. This retreat center provides quiet serenity and a comfortable, reflective atmosphere. It is 45 minutes from Manhattan and is close to both bus and rail lines. Massage and yoga will be available. This is a sacred place to truly nurture your body and soul. Give yourself the opportunity to relax, renew and learn in a peaceful natural environment. Directions will be provided with confirmation letter upon receipt of registration.

Program begins Thursday, February 25th at 10am & concludes Sunday, February 28th at 3pm
